

Razor Tape

The razor wire coils are manufactured using mild steel wire and are equipped with sharp blades. It adds an anti-climb quality to almost all fences.

Benefits

The barbed wire systems "Razor Tape" are an effective deterrent to climbing the fence, they provide maximum delay and limit break-ins. The state of the art coating technology guarantees a long product lifetime. All accessories are precisely integrated for quick and easy installation. A large variety of products is available on demand (a.o. different coil diameters) providing different levels of security.

Systems

The Standard Razor Tape product of Betafence has a wire diameter of 2.5mm and consists of a continuous mild steel strip that is enclosed with sharp blades. All coils are clipped together to obtain a stable and homogeneous network.
